Hi DOH,

Unfortunately there was an administrative error and the Board of Water Supply comments on the AOC did not post on the previous public comments website. We are in the process of correcting that error.

In interim, we have decided to post their comments directly on our EPA Region 9 website. We ask that DOH do the same until we correct the error. Here is the PDF that we posted directly on our website. In addition, you can find the BWS comments directly posted on our website now.
